

REMEMBRANCE DAY ACTIVITY

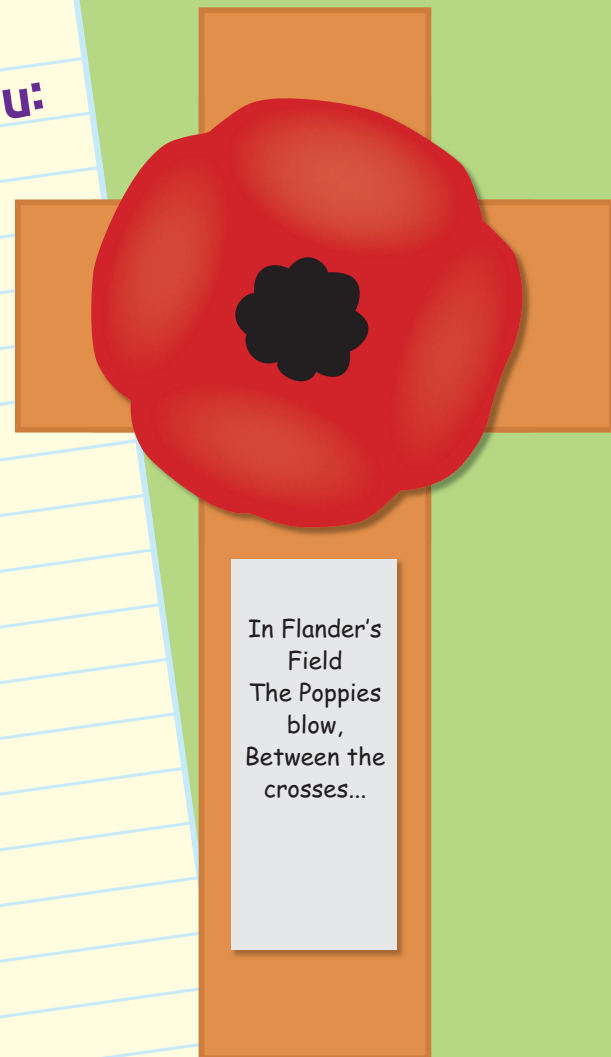

Remember the soldiers who died fighting for our country with this simple Remembrance Day craft.

Ask students to compose their own Remembrance Day poems (you may want to give them an opening line to get them started).

Make copies of the cross templates, and have the students write their poems on their cross, then add poppies for decoration.

Here's some opening lines to help you:

- I remember you when...
- For every tear that falls
- For every life lost I shed a tear
- You are gone but not forgotten
